

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8

ADA, OKLAHOMA TUESDAY, FEBRUARY 13, 1912

NUMBER 264

When a man reaches a certain age little physical discomforts become great ones. This is especially the case in footwear. Comfort in shoes means a whole lot to an elderly man or woman. YOU know that, sir. Come in here today and let us tell you one or two little secrets about "elderly footwear." No need to suffer any further discomfort--We have the sure remedy in our comfortable shoes.

— ADA, OKLA. —

CITY COUNCIL IN SESSION

Uneventful Session Held—Will Take Up Byrd's Mill Claims at Next Meeting.

The city council held a very quiet session last evening, little of importance coming up for consideration. After allowing a batch of claims, a representative of a fence factory was invited to tell something of a proposition to place a fence on the side of the cemetery next to the road. After he had spoken the matter was referred to the cemetery committee with power to act.

It was agreed that the claims against the city growing out of the Byrd's Mill extension be heard at the next meeting of the council, at which time it is probable that final action will be taken one way or the other.

The water superintendent made his report showing that his department has completed the extensions ordered by the council, and has put down 13,736 feet of pipe, 9286 feet of which is four inch dimension. The total cost of the extensions was \$5,028.90, of which \$1,102.42 was for labor. The cost of putting down the pipe averaged 8 1/2-39c per foot.

A communication from Pres. Briles was read offering to keep the weeds on Main street, mowed from the normal to the Katy railroad, provided the city would grade the street. Referred to the street committee. A committee composed of Ratliff, Ebey and Ellison was appointed to confer with the Katy railroad regarding the establishment of a local freight division at Ada and the construction of viaducts.

Ordinances were passed transferring \$100 from the building fund to the street fund of First Ward, and \$1,550 from the storm sewer to the street and bridge fund.

RESULT IS VERY MUCH IN DOUBT

Wilson Has Plurality of Delegates. Uninstructed Delegates Will Decide.

Oklahoma City, Ok., Feb. 12.—Reports from all but two counties in the state show that Woodrow Wilson-for-President supporters will control thirty-two county democratic conventions to be held next Saturday, with 252 delegates to the state democratic convention; supporters of Champ Clark will control twenty-two counties with 200 delegates; Judson Harmon supporters one county with sixteen delegates, and sixteen counties with 120 delegates are classed as doubtful.

The balance of power in the state convention will be in the hands of these delegates, as they will go uninstructed to it.

The counties not heard from are Love, with four delegates to the State convention, and Texas, with six delegates.

ARIZONA WILL BECOME A STATE TOMORROW

Phoenix, Ariz., Feb. 12.—When President Taft signs the proclamation admitting Arizona into the sisterhood of states next Wednesday, the ceremony, by way of coincidence, will mark the fiftieth anniversary of the Territory's admission into the Southern Confederacy.

On Feb. 14, 1862, Jefferson Davis is-

RAMSEY'S

ICE COMPANY

ELECTS OFFICERS

At the recent meeting of the stockholders of the Ada Ice and Cold Storage Co., the following officers were elected: C. W. Dawley of McAlester, president; T. G. McCrosky of Kansas City, vice president; B. H. Frick of Ada, secretary-treasurer.

As this company is made up of hustlers, there will be something doing in their line of business from now on.

BRENTS CATCHES 'EM GOING AND COMING

Special Officer Ed Brents was in town Sunday and Monday on a flying visit to his family. He has spent a month around Lawton on the trail of bootleggers who sell liquor to Indians, and as a result of his work 47 arrests have already been made. He is also armed with a commission as state enforcement officer, and between the two he has been giving the bootleggers of Lawton and vicinity quite a little trouble, smashing over 500 bottles of booze while on his round. He will remain in the western part of the state for some time yet.

Prof. J. A. Lemon returned from Sulphur this morning and is busy putting things in shape for opening the Ada Commercial College. The News has just turned out quite a lot of advertising matter for the school and this is being distributed to prospective students.

KATY MAKES AN OFFER TO CITY

WOULD LOCATE LOCAL FREIGHT DIVISION AT ADA. WANTS WATER SUPPLY.

The Katy railroad has made a proposition which if accepted by Ada, will mean much for the town. It contemplates the establishment of a local freight division here, which would mean the addition of a number of families to the population of the town, and some added importance as a point on the road. All the road asks is a five year contract for water at a reasonable rate, and that it be assured that 10th street will not be opened for the present. It is understood that the road has also signified its willingness to build another viaduct or two across its tracks to Hays addition.

The council has appointed a committee to take up the matter with the company, and some definite action will be taken at once. If the division does not come to Ada, it will be placed at Konawa.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today, and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

St. Valentine's day will be ushered in tomorrow, and all the love lorn youth of the land, will have an opportunity to exchange expressions of tender sentiment. Of course all are not poets and cannot put their thoughts in the form that would adequately express their feelings, but thanks to the poets employed by manufacturers of ready made valentines, every one can find something appropriate. Not only that, but it has long been an established custom to send other messages of a sarcastic nature to persons for whom the sender had no special love, and no doubt this year will witness the usual number of these as well as the other kind. Well, it is not every man who can be loved.

Oklahoma City's plan to raise funds for beginning work on the state capitol reminds one of the church supper where one takes a supply of grub from home and then pays a quarter for the privilege of eating it. The metropolis has just voted to issue \$100,000 in bonds for the purchase of part of the land donated for capitol purposes, said land thus purchased to be used as a park. With \$100,000 in the treasury, it is expected that the building will go forward without interruption and that the lots will begin to find a sale and the proceeds be sufficient to finish the work thus begun. If the plan works out all right, no one should kick on it. We need the capitol building badly, and hope to see it finished during the next two or three years.

A child that has intestinal worms is handicapped in its growth. A few doses of WHITE'S CREAM VERMIFUGE destroys and expels worms; the child immediately improves and thrives wonderfully. Price 25c per bottle. Sold by Ramsey Drug Co.

Beavers Under Water.
Many consider it remarkable that the beaver can remain beneath the water for so long a period. But he can remain under ice much longer. It has puzzled many to know how these animals can do this and still live.

A beaver rises to the under side of the ice and there casts a quantity of its breath up against the crystal covering of the body of water. A wide, flat bubble is formed. This is permitted to remain against the cold ice long enough to become somewhat purified, when the animal takes it into its lungs once more. This strange operation is repeated from time to time, and the creature is thus enabled to remain beneath the ice for hours.

The muskrat does about as the beaver, but cannot remain without fresh supplies of pure atmosphere so long.—Harper's Weekly.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of BALLARD'S HOREHOUND SYRUP. It checks the progress of the disorder and assists nature to restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Ramsey Drug Co.

All kinds of fruits and nuts at the Model Confectionery. 196-1f

WRIGHT'S VIEW OF SITUATION

Writer to Kansas City Journal Gives Opinion of the Political Mixup in Oklahoma.

Oklahoma City, Feb. 13.—Wilson and Harmon men in Oklahoma are agreeing on one proposition, although they are far apart on all others, that Oklahoma Democrats should send an unimpaired delegation to the national convention.

The Harmon men, although they have conducted a tireless and systematic campaign for their candidate in Oklahoma, do not anticipate at present that they can control the convention. The Wilson men, however, are making such claims, but close political observers do not anticipate that they will succeed.

Before the appearance of United States Senator Gore in Oklahoma the Clark supporters felt certain that they would be able to send an instructed delegation from Oklahoma for their candidate. The attacks made upon the blind senator, however, by a few Clark and Harmon men in Muskogee county, in which an attempt was made to seal his lips, had the effect of arousing the Wilson supporters all over the state and of cementing the Gore following in the various counties, who felt that the senator was being persecuted. Gore has a large following in Oklahoma despite the statements of his political enemies to the contrary, and while all his admirers have not followed his lead in the matter of the presidential candidates, enough have done so, as a result of his "pussy-foot" campaign over the state, to strengthen the Wilson following to such an extent that it may be able to defeat instructions for Speaker Clark with the secret aid of Harmon supporters.

If it should develop before the convention meets that Wilson has enough strength to control the state convention of course the Harmon men would favor instructions for the national speaker rather than the sending of a delegate to Baltimore with even an endorsement of Wilson. Such a contingency, however, is not anticipated among political leaders, and hardly hoped for by the Wilson supporters themselves.

The Wilson supporters, through Senator Gore are trying to capture the Bryan following in Oklahoma for their candidate by declaring that Governor Wilson more nearly measures up to the Bryan standard than any of the other candidates. This was indicated by the remarks of Senator Gore in his speech at Oklahoma City discussing the merits of the different democratic candidates. Gore is attempting to gain recruits from the lukewarm Clark followers by declaring that Clark would be the second choice of the Wilson men and vice versa.

That the Clark and Harmon men are very much exercised at the activities of the Wilson following in Oklahoma is shown by the fact that they are circulating a pamphlet making a bitter attack upon Governor Wilson's political record as reflected in his past writings and books. Several hundred copies of this document were distributed to the crowd as it left the hall at Oklahoma City Friday night, following the address of Senator Gore. It purports to be a statement of ex-Senator R. F. Pettigrew of South Dakota analyzing the fifth volume of Woodrow Wilson's "History of the American People." The alleged statement says in part:

"This week I have been shocked at the reading of the fifth volume of his History of the American people," published in 1902.

"It is torism of the blackest type; it is not a history of the American people, but a history of Woodrow Wilson's admiration for everything which the radical democracy now seeks to change and a series of sneers and insults to every class of men who have sought to alleviate the injustices of capitalism. I think Senator Aldrich would have written with more charity and less bitterness. The worst is that there is no note of sympathy for any suffering and protesting class, but he seems to search for phrases to show his contempt for them. Read the volume and judge whether I exaggerate in this statement."

(Signed) ORVILLE D. HALL.

Rev. A. M. Dupree is now the probation officer of the county court, and teachers and others should co-operate with him in the work. Mr. Dupree is a young man of strong influence over the young boys and girls, and in his present capacity will be able to exert much power for good. His appointment was a good one.

S.S.S. FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. S. does. It goes down into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BACKBONE OF WINTER THOUGHT TO BE BROKEN

Washington, Feb. 12.—The most severe and protracted cold spell of many years, probably, will be broken this week and the unusual winter which has partially paralyzed transportation on land and sea, taken many lives and caused untold suffering in all parts of the country, will give way to more seasonable temperatures.

Observers of the Weather Bureau do not promise there will be no more cold waves this winter, but they predict that the next week or ten days will be the forerunner of a spell of moderate weather.

Since the last week in December, save for short periods, in all the country east of the Rocky Mountains new records for extremely low temperatures have been set. While it was extremely cold in the East, however, temperatures were above normal on the Pacific slope.

At times below zero was recorded as far south as Tennessee, Arkansas, Northern Texas and Oklahoma, and frosts were recorded in Miami, Fla., where they rarely occur.

Lake Superior, greatest of the great lakes, is reported frozen over from shore to shore, something never heretofore recorded. In the present month the mercury at Sault Ste. Marie has touched 32 below, at Northfield, Vt., 26 below, while in San Francisco it has never been colder than 46 above.

But the weather map of the Northern Hemisphere, as it looks today, shows a general change toward moderation, and the Weather Bureau looks for warmer weather from now on. There are no indications at the present time of a general storm to cross the country. The precipitation for the week will probably be generally light, except in the North Pacific states, where more than normal rainfall will occur.

See B. B. Howard for all kinds of tin work. Phone 256 166-dtf

State Directors to Meet

Pawnee, Okla., Feb. 13.—Pres. Leon Marx has called a meeting of the State Directors of the Oklahoma Retailers Association for the 14th. The meeting will be in Oklahoma City. A number of matters of vital importance to the merchants of the state will come up for consideration. The date for holding the next annual meeting of the State Association will probably be decided. The National Association of Retailers of the U. S. meets in Oklahoma City April 22nd. It has been suggested that the State Convention meet at the same date.

F. Wetherington, the veteran shoe maker, has moved his shop up-stairs, next to the News office, and would appreciate a portion of your patronage.

A GREAT DAILY NEWS-PAPER AT HALF PRICE

The Kansas City Daily and Sunday Journal, Kansas City, Mo., is making a great reduction in its subscription price for the National Campaign year. Any person sending \$2.00 can have his name placed on the list of the Daily and Sunday Journal for a whole year. This is one-half rate for the regular subscription price, which is \$4.00 per year. Persons who desire to follow the campaign and keep thoroughly informed on the progress of events can do so by sending \$2.00 and receive the Kansas City Daily and Sunday Journal for a full year. This is the greatest offer ever made by the Journal on the eve of a great national campaign. Do not fail to accept this great benefit by sending \$2.00 and take advantage of this one-half rate to secure the great Daily and Sunday Journal for a whole year. The offer will not be good after March 15, 1912, and those desiring the great Daily and Sunday Journal at half price should send at once. Address

E. S. COLLINS MAKES GENEROUS OFFER

E. S. Collins is one of these boosters who does not talk much, but who comes across when something is needed. He has been taking an interest in the matter of looking after the Frisco excursion train that will stop here on the morning of the 4th of March, and offers to turn out with his entire livery outfit, which includes ten or twelve horses and rigs, and use the whole business in helping to show the excursionists over the town. Now it is up to the remainder of the citizens to show a similar zeal.

ONE NEW CASE AND NO DEATHS

Only one new case of meningitis has been reported today. This is Mrs. Horton, who with her husband recently moved from Mississippi to Ada and located on 16th street. Although her case is a severe one, she was reported to be doing very well this afternoon.

All other cases are reported as doing well. Although a few dozen rumors have been circulated all day, the above statement comes directly from the physicians of the town.

LATER—Just before going to press a case of meningitis has developed on West 15th street that of a three-year-old child of Mrs. Jones, a widow.

SCHOOL ATTENDANCE IS SIXTY PER CENT

The public schools re-opened this morning with about sixty per cent of the normal attendance. The upper grades are practically full, the lower ones being the ones most affected by the absence of the pupils.

CARTER LAND BILL READY TO SIGN

Washington, Feb. 12.—Within an hour after the measure had reached the senate today, the bill providing for the sale of the surface of the Choctaw and Chickasaw coal and asphalt lands in Oklahoma had been passed by the upper house. When the measure was reported to the body for action, Senator Heyburn became obstreperous and it appeared that there would be a fight. Heyburn desired that the bill be placed on the regular calendar, that he might have further time to examine it, but Senator Owen, who was determined to get early action prevailed upon the western fire-fighter that the measure was a just one and was greatly desired as well as containing no jokers and Heyburn withdrew his opposition and the measure went through by unanimous consent.

The bill will become a law as soon as President Taft attaches his signature and this is expected to be in the course of a few days. It is expected that the department of interior will begin its action toward the disposal of the lands within a very few weeks.

He Made the Rounds.

In speaking of somebody an orator said: "He has ripped with Euripides, and sipped with Eusticides, and camped with Cantharides."

AN APPEAL FOR HELP.

I desire to call the attention of the citizens of Ada to the fact that we have a number of people in our city who are in almost destitute circumstances, and without assistance, are bound to suffer for the necessities of life. I have done all that could be done with the limited means that was placed in my hands. The funds of the United Charities are practically exhausted, and appeals for help are coming to me every day. I have heretofore been able to supply such parties with either money, provisions, or clothing as their circumstances required, but unless something is done in the immediate future such people will suffer. I hereby make an earnest appeal to all citizens of the city of Ada to think of the suffering condition of the poor who are living in our midst, and ask that each and every one who feel able to donate something to alleviate their suffering. Anything will be thankfully received though it be a small amount—money, clothing or provisions.

I hope that all ladies who belong to the United Charities will take this matter into consideration, and try and raise funds for the needy, and not only them, but all others that are charitably inclined.

Friends, let us all make a united effort to aid those unfortunate people who live in our city, and remember that now is the accepted time to render such aid.

Respectfully Submitted,
S. B. DAMRON,
Supt. United Charities.

NOTICE.

To Whom It May Concern:

This is to certify that Prof. W. J. Stone has been employed to assist me in the organization of the Ada Commercial college, and is hereby authorized to contract in the name of said school for the issuance of scholarships, and is authorized to do such other things as may be required in carrying on the business.

NORMAL NEWS

The basket ball game which was scheduled to be played on next Friday night with the State University has been postponed on account of the minigitis scare. Practice however, will continue and as soon as possible the game will be played. The city hall has been secured for the game.

Actual practice in base ball begins today. About two dozen of the players have reported for practice and the real "grind" will commence. Prospects are unusually bright. The majority of last year's team is back and there is some fine material among the new students.

Coach Little has something to build from this year and you may depend upon his putting out a good team. The team finished last year with a percentage of 714 which is exceptionally good. Our games this year will be with much stronger teams than last year, but we expect to finish with just as high percentage or higher.

Plans are being made to open the season with two games with the District Agricultural school at Tishomingo and then follow with two return games here. We will probably also play with Durant, State University, Tahlequah, Drew College of Springfield, Mo., and Edmond.

A plan is being worked out to sell advanced season tickets for six games here.

A letter was received some time ago from President Jeffords of the Oklahoma inter-collegiate athletic association inviting us to become members of that body. Our application was sent in and at the meeting which was held in Oklahoma City last Saturday was very favorably considered.

Prof. M. L. Perkins is arranging to leave Friday for Normal, Ill., to spend a week in the Central Illinois Normal in studying methods there. He will return to St. Louis on the 26th to attend the meeting of National Educational association.

The meningitis scare has affected the attendance of the normal very little.

The January issue of the Aileron was mailed to subscribers Saturday.

Four additional tennis courts have been laid off and will be built soon.

Many letters of inquiry have been received in regard to the spring and summer term of the normal. A very large enrollment is expected.

The "Players" have been invited to give the play Comrades at Holdenville on the night of Feb. 22nd. Comrades was given in the normal auditorium recently to the largest crowd of the season. The play is a most excellent three act comedy drama and had a run of three hundred nights on Broadway with Nat Goodwin in the cast. Comrades has been pronounced by critics to have been the best thing of the season in Ada and we can most cheerfully recommend it to Holdenville theatre goers.

HUDSON ENDORSES ROBERT GALBREATH

Oklahoma City, Okla., Feb. 13.—The writer of the following letter is the secretary of the Good Roads Association, Mr. Clark Hudson, who recommends Robert Galbreath's candidacy in the Democratic National Committee race:

Fellow Democrats:

One of the important matters that will come before the Democratic Convention on February 25, 1912, at Oklahoma City, Okla., will be the election of a democratic national committeeman. Among those who are candidates and also that are generally mentioned for National Committee man, none can show a longer and better record of unselfish devotion to the democratic cause in Oklahoma, as a territory and as a state, than Robert Galbreath of Tulsa, formerly of Oklahoma City, Shawnee and Perry, and as a resident of Oklahoma since the days of 1889, I am not unmindful of the claims of the other candidates, all of whom are, no doubt, good democrats; but the old time residents of Oklahoma have known Bob Galbreath so long and are so well acquainted with his faithful services in the interest of the party, that it seems natural he should be elected.

Going back to the early days of Oklahoma democracy, I know that in every act of its party history Mr. Galbreath played a part. He always participated in every battle where our party was called upon to cope with the common enemy. The carpet bag ridden republican party—well remembered by the hundreds of patriotic democrats who so gallantly fought the good fight against great odds since the days of 1889, and who laid the foundation for success which they built upon until Oklahoma was swept with statehood into the democratic column.

At a personal loss, Mr. Galbreath maintained a democratic paper for years in Noble county to keep before the people those principal things that are dear to our party.

Mr. Galbreath's interests are widely scattered; he has aided in development on the East and West sides alike. The East and West sides owe him a debt of gratitude—either can any faction claim him, if elected National Committeeman. He will represent all of the democrats of Oklahoma in a democratic manner governed by democratic principals, and he will not be ruled by any man or set of men, but by the democracy of Oklahoma, which will be his pleasure to serve.

As an example of Mr. Galbreath's generosity and party loyalty, the last state democratic campaign may be mentioned. He was called back from a trip to assume the duties of Chairman of the Finance Committee, which was a matter of great importance, and our party leaders were concerned as to how the campaign of democracy was to be financed. From the day he arrived in Oklahoma City, the campaign was financed.

Therefore, I am anxious that my fellow democrats be informed of the kind of man Mr. Galbreath is known to be by those who are acquainted with the facts, and if this is done, I am confident he will be elected the national committeeman of Oklahoma.

Yours respectfully,
(Signed) Clark Hudson.

CHINESE EMPEROR ABDICATES THRONE

Pekin, Feb. 12.—After occupying the throne of China for nearly three centuries, the Manchu dynasty represented by the child Emperor, Pu Yi abdicated today.

Three edicts were issued, the first proclaiming abdication, the second dealing with the establishment of the republic and the third urging the maintenance of peace and approving the conditions agreed upon by the Imperial Premier, Yuan Shi Kai, and the republicans.

At an audience yesterday the Empress Dowager touchingly thanked Yuan Shi Kai for his successful efforts in obtaining good treatment for the imperials from the republicans. The publication of the edicts has given profound relief to every one in Peking, both foreigners and Chinese. The arrangement is considered to be a skillful compromise, and it is believed the terms will satisfy the republicans.

The first edict provides that the terms shall be communicated to the foreign legations for transmission to their governments, the object being to record in a world-wide way the republican pledges.

In consideration for abdication the republicans make the following eight pledges to the Emperor:

The Emperor shall retain his title and shall be respected as a foreign monarch.

The Emperor shall receive an annual grant of 4,000,000 taels until the currency is reformed, after which he shall receive \$4,000,000 Mexican.

A temporary residence shall be provided in the Forbidden City and later the imperial family shall reside in the summer palace, ten miles outside of Peking.

The Emperor may observe the sacrifices at his ancestral tombs and temples, which will be protected by republican soldiers.

A scald, burn, or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW OINTMENT on hand is always prepared for such accidents. Price 25c, 50c and \$1.00 per bottle. Sold by the Ramsey Drug Co.

Are you leaving town and want to sell your household goods? Call me up. Phone 486. L. E. Miller, 206 W. Main. 248-tf

ROCK HILL PLAN FOR HANDLING COTTON

To the People of Oklahoma:

At a state meeting of cotton growers and others interested in the cotton situation which was held in Oklahoma City last Thursday, I was selected as State Superintendent for the purpose of putting the "Rock Hill Plan" into operation in this state and, Governor Cruce manifesting his willingness, I accepted the obligation. To make this work a success in Oklahoma, it is necessary for the citizenship of the entire state to heartily co-operate, and I take this means of asking your enthusiastic support.

The work has already been commenced. Within the next six weeks an earnest endeavor will be made to make a thorough canvass of every cotton growing county in the state. Other state are already at work. This plan has been approved by every state in the Cotton Belt, and several of them have almost completed their canvassing at this time. As a matter of state pride, we can not afford to let it be said that Oklahoma has failed to do her full duty. As a matter of selfish interest it is imperative that this plan of cutting down the cotton acreage be perfected as speedily as possible. For any breaks in the line of state will make the organization that much less effective.

Under the "Rock Hill Plan" every cotton grower in the state is requested to pledge himself to the cutting down of this cotton acreage for the coming year. The small planter is not asked to make as great a cutting as the larger land owners, but those in charge of the general movement feel that it will be a failure unless the cotton acreage of the United States can be reduced at least 25 per cent the coming season.

The State of Oklahoma was honored at the recent meeting by having as a visitor, Mr. J. G. Anderson of Rock Hill, South Carolina, the man who originated the "Rock Hill Plan," and who has accepted the position as state superintendent for South Carolina. Mr. Anderson is not directly interested in the cotton business himself, being president of one of the largest vehicle companies of the South, and is doing this work from unselfish motives, as none of the state superintendents, of course, receive any compensation whatsoever for their work. It is a work that must be done, and done quickly, and the leading men of the entire South are rallying to its support. North and South Carolina, Georgia and Alabama Mississippi and Texas have already made material progress towards the completion of the canvass in their states. The remainder of the states in the cotton belt are at work and there is no doubt of the successful termination of the campaign.

The crops of 1910 in round numbers was practically 12,000,000 bales, which sold for a billion dollars. The crop of 1911, conceded now to be at least 15,000,000 bales, will not yield more than \$700,000,000. We are producing 3,000,000 more bales of cotton and sell it for \$300,000,000 less. No greater argument than this should be brought to bear on our farmers to impress upon them the necessity of reducing their acreage. Statistics show that the smallest crops of cotton bring the most money.

Canvassers will call on all planters a little later with pledges for their signature, and when they do, we request that you meet them cheerfully and do not detain them. Sign the pledge and let them go on their way rejoicing. The time is short and there is not a moment to spare. A list of those signing the pledges will be published from time to time in the county papers as they are reported. The same acreage as 1911 means five cent cotton. A 25 per cent reduction for 1912 means living prices. Yours respectfully,
W. J. CAUDHILL, State Supt.

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Price 50c. Sold by Ramsey Drug Co.

Serves You Right. Jones Drug Co. 151-dtf

Pension Scrap Opens U. S. Senate.

Washington, Feb. 12.—The Sherwood so-called "dollar-a-day" pension bill was rejected today by the senate committee on pensions and another measure with an annual expenditure of \$22,000,000 proposed as a substitute by Senator Smoot of Utah was adopted.

Senators Brown of Nebraska and Curtis of Kansas gave notice that in the senate they would press the Sherwood bill as substitute for the Smoot bill.

PURCELL, OKLAHOMA

STATE COMMITTEE ENDORSES TAFT

Guthrie, Ok., Feb. 12.—The Oklahoma republican state committee, at its meeting today, endorsed President Taft for renomination and James A. Harris of Wagoner for National Committeeman.

A call was issued for a state convention in Guthrie on March 14 to elect ten delegates and ten alternates to the republican National convention to indorse a member for a place on the national committee, to elect twenty-six delegates to the twelfth annual meeting of the National republican league, to be held in Chicago at the same time as the national convention and to choose five electors.

Immediately after the meeting state Chairman James A. Harris made the following signed statement: "The results of the Republican State convention meeting in Guthrie today are all that the friends of President Taft could have even anticipated. The sentiment of the committee was so nearly unanimous that it amounts to the same thing. The resolutions indorse Mr. Taft's administration and declare for his renomination and election and constitute a keynote to the state convention, which meets in March. As I have predicted before, every delegate to Chicago from Oklahoma will be a Taft delegate."

Chairman Harris again led the Taft forces today. The Roosevelt supporters in the state were present at the meeting and several of the most prominent, including the temporary chairman of the Roosevelt League, Ed Perry of Coalgate held proxies, and Perry was named by Chairman Harris a member of the resolutions committee of five. Perry refused to sign the Taft resolution, but insisted on an amendment that indorsed Roosevelt also and the platform on which he was elected. National Committeeman Cash Cade was present on invitation of Chairman Harris and held the Pottawatomie County Proxy. He led several efforts to change the day's program, but was defeated on every motion. C. C. Priestley of Bartlesville, the Roosevelt candidate for National Committeeman, was also an active worker during the day against the Taft leaders' program.

Gas in the stomach or bowels is a disagreeable symptom of a torpid liver. To get rid of it quickly take HERBINE. It is a marvelous liver stimulant and bowel purifier. Sold by the Ramsey Drug Co.

Ordinance No. 261.

An Ordinance transferring the sum of one hundred dollars from the City Building fund to the Special Street Tax Fund for Ward Number One, of the City of Ada, Oklahoma.

Our Personal Guarantee to all Skin Sufferers" Ramsey Drug Company

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves we can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, or other skin disease, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this

bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch, instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you applied this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there, and we want you to try it now on our positive no-pay guarantee.

Ramsey Drug Co., Ada, Okla.
